A sock monkey's delight By Doreen Wright This is a really fun book. The stories of the sock monkeys are cute and some very touching. My monkeys and my other stuffed animals all enjoyed it and the photos are adorable. A lover of sock monkeys will really enjoy this romp through the Red Heel Rescue, and its fun for non sock monkey lovers too. Glad we bought it. 1 of 1 people found the following review helpful. Hail to the Sock Monkey! By Kindle Customer This book was a great read for me and my sock monkey Tina! It has inspired me to create my own sock monkey from a red heel sock! I really liked all the interesting photos and stories. The intros were a little long and wordy, but nonetheless interesting. All in all, this book is a great book I would recommend to any sock monkey fan young or old.

little tongue in cheek, the residents of the Red Heel Monkey Shelter, a refuge for abandoned sock monkeys, reveal a world that looks surprisingly like our own. Sock newsmonkey Benny Hathaway and socktographer Link faithfully record the life and times of their fellow Red Heel residents. Each character, whether a celebrity, artist, doctor, or handy monkey, comes alive through interviews, stories, and full-color photos. Full-page dioramas provide the most detailed and fascinating window into the secret life of sock monkeys that perhaps has ever been published.

The most authoritative tome on sock monkey history and culture ever written.... Demands a place on the shelf of history.
