Martin Crampin : Stained Glass From Welsh Churches before purchasing it in order to gauge whether or not it would be worth my time, and all praised Stained Glass From Welsh Churches:

This hardback volume is a beautifully illustrated history of stained glass in Wales from the fourteenth century up to the present day. Examples include medieval glass up to the sixteenth century, imported continental glass of the sixteenth and seventeenth centuries, Victorian Gothic Revival stained glass, work by the artists of the Arts and Crafts Movement, modernist works of the 1960s and 1970s, and more contemporary glass by Welsh artists and those trained

at the course in Architectural Glass in Swansea, some of whom are now internationally renowned.
