**Ed Sibbett Jr. : Stained Glass Pattern Book: 88 Designs for Workable Projects (Dover Stained Glass Instruction)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Stained Glass Pattern Book: 88 Designs for Workable Projects (Dover Stained Glass Instruction):

1 of 1 people found the following review helpful. Very good bookBy MsplumuniqBought for hubby at Christmas time. Looks like a very good book, great patterns. If you enjoy stained glass, or similar crafts, I think you'll like this.0 of 0 people found the following review helpful. ... do many projects and all books I buy are great!By Mai\*I do many projects and all books I buy are great!0 of 0 people found the following review helpful. Nice patternsBy Sandra CreditGreat patterns for faux stained glass.

This book contains 88 designs for stained glass, all of them worthy of the serious crafter's time and effort. The styles range from medieval interlacements, through the Art Nouveau and Art Deco styles, up to designs with a modern feel. The level is intermediate to advanced, although the beginner, by taking extra care, can work many of the patterns. Most will easily expand for full-size panels, mirror surrounds, or other decorative work. These patterns offer suitable challenges to both the craftsmanship and aesthetic sensibilities of workers in stained glass. As a sourcebook for direct use or for inspiration, this volume will be a welcome addition to any stained glass workshop.
