If you only have the basic skills and tools you can complete all projects. The writing and pictures are easy to follow. The only thing to be aware of is, that some steps and measurements have moved out of sink but still very easy to follow2 of 2 people found the following review helpful. Love this bookBy CustomerLove this book. A little pricey for my pocketbook but it's worth it! For a self-published book, it is done very professionally. Photos and instructions are outstanding!0 of 0 people found the following review helpful. I love this bookBy Dayna MathewsI love this book! I anticipated it would be a very helpful step by step instruction book and it didn't disappoint me. Many colorful pictures to reference and easy to understand instructions!

A beautifully illustrated book including 27 easy to follow step by step projects showing you how to create realistic furniture for your 1/12th scale dolls' house. A list of all tools and materials needed to complete all of the projects is included. There is information on types of wood and advice is given for cutting and shaping wood and creating decorative mouldings. There are techniques for drilling wood and creating grooves, for making your own door and drawer knobs and finishing your pieces, along with lots of handy tips. With lots of inspiring photographs and style ideas for each room, this book is a must for any dolls' house enthusiast.
