Anita M. Wheelless : Storybook Dolls to Knit (Leisure Arts #5286) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Storybook Dolls to Knit (Leisure Arts #5286):

0 of 4 people found the following review helpful. This was just released! What happened! By Dorothea This is such a great book for making knitted toys. The directions are clear and the pictures great. I was able to see a copy from a friend but was disappointed to see it is showing it out of print! It just came out! We have been awaiting the sale of this book. Please let us know how it could be out of print when it just came out! Is there a way to get more? 0 of 5 people found the following review helpful. Story book dolls to knit By Patricia Trusselle Story Book Dolls to knit. I have not knitted these dolls. I am giving it to a friend.

Classic fairytale characters come to life in the form of walkabouts with this book from designer Anita Wheelless. Walkabout characters are adorable knitted and felted puppets. Adults and children alike will love simply sliding their fingers into the hollow legs of these storybook stars to act out their favorite roles. The designs include Little Red

Riding Hood and the Wolf, Goldilocks and the Three Bears, The Three Little Pigs and the Big Bad Wolf, Mary and her little Lamb, Hansel and Gretel with the Witch, The Gingerbread Man, and Humpty Dumpty. All of the characters are knitted with wool yarn on double-pointed needles, with embellishments added after felting. Instruction book comes with an audio CD of the classic stories and nursery rhymes related to the characters.

About the Author Anita Wheelless taught herself to knit in January 2003 while waiting for her children at a scholastic chess tournament. After knitting so many scarves that she didn't have enough necks to put them on, she realized that she wanted to make toys-vintage-style toys from children's book illustrations. Inspired, she combined knitting-in-the-round with a love of felting to create her charming walkabouts.
